From the editor this is the last issue for 2022. This news letter was started because the club needed a monthly re-cap and to inform our members of up coming events. Remember this is the clubs new letter and therefore I'm asking YOU to provide input to spark the interest of all members to read and be proud of the :

Southern Eagle Squadron.

PRESIDENTS CORNER

We are expecting a group of Young Eagles from the Experimental Aircraft Association Leesburg, Chapter 534 to visit us this month. They will participate in RC aircraft orientation, Flight simulation time and hands on buddy box flying. They are the future of this hobby so please welcome them with open arms and encourage them to add RC flying to their interest in aviation.

FLY BEFORE YOU BUY

**Check out the SES web page for more info
and great club information.**

"WHO'S THE HIGH FLYER"

Each month there will be a question for you to find the answer. The first person to answer the question will have their name in the SES News Letter and posted on the Info board at the field. At the last 2023 club meeting, the person with the most name posted will win a PRIZE.

Send your answer to: lross04@bellsouth.net

Nov. SES Question:

In the Oct. SES News Letter, find the word that also describes whats on the back of a 1/4 of a dollar bill and on our SES logo.

Answer: Eagle - flip side of the quarter and our SES Logo

Nov. High Flyer winner: Joe Hudacky - congratulations

Dec. SES Question

Propellers for RC aircraft generally are two-bladed (although can have as many as 3 or 4 blades) and are selected based on a pair of numbers example 10/6, 11/7 and 11/6.

What do these numbers designate?

FIELD SECURITY

IF YOU ARE THE LAST PERSON TO LEAVE THE FIELD PLEASE MAKE SURE THE GATE TO THE SES FIELD IS CLOSED AND THE COMBINATION ON THE LOCK IS ROTATED NOT SHOWING THE ENTRANCE CODE ON THE LOCK. ALSO IF AT ANYTIME YOU ARRIVE AND THE GATE IS OPEN AND THERE IS NO ONE FLYING, PLEASE CONTACT FRANK MINTZ OR BILL CERMAK.
