Web Master: Mark Carey

**SES Club Meeting - Jan 21, 2023
10:00**

Come fly before the meeting

Club Officers: at the Dec meeting a vote was taken for the 2023 SES club officers. The vote was 100% for the officers from 2022. The club thanks all that have decided to keep our club going in the direction of fun and camaraderie.

Up-coming Events:

Nothing to report, therefore if you have any ideals or suggestions for our 2023 events, contact Bill Cermak or Larry Ross.

**WANT, SELL TRADE
WANTED: WARM WEATHER**

SES Christmas party: for the attendees, we hope you had a good time and enjoyed the great food.

Funding for the turkey and ham was provided by our president and vice president and we want to thank them for making it a traditional Christmas Party. The picking and swapping of gifts was a lot of fun.

PRESIDENTS CORNER

Looking at 2023, it will be a pivotal year for model aviation. With the FAA exercising their control of the airspace in which we operate, as of September 16, 2023 remote ID will be required. Fortunately, for those of us who fly exclusively at the SES club field there will NO IMPACT, if "FRIA" status is realized. We, at SES are in line to be recognized as such, so stay tuned for the "good news"

FLY BEFORE YOU BUY

Check out the SES web page for more info and great club information.

www.southerneaglesquadron.com

"WHO'S THE HIGH FLYER"

Each month there will be a question for you to find the answer. The first person to answer the question will have their name in the SES News Letter and posted on the Info board at the field. At the last 2023 club meeting, the person with the most name posted will win a PRIZE.

Send your answer to: lross04@bellsouth.net

Dec. SES Question

Propellers for RC aircraft generally are two-bladed (although can have as many as 3 or 4 blades) and are selected based on a pair of numbers example 10/6, 11/7 and 11/6.

What do these numbers designate?

Answer: Diameter/Pitch - Winner (Frank Mitz) Congratulations

Jan. SES Question

Which channel (or receiver output) in a 4 channel radio is usually assigned to the elevator control surface?

Shout Out: as SES Membership Director I want to thank

Mark Carey for making it possible for Re-new and New membership using our web page, its working fantastic. I also want to thank Carl Dilks while at the field collecting \$\$ for Re-new and new membership sign up.

FIELD SECURITY

IF YOU ARE THE LAST PERSON TO LEAVE THE FIELD PLEASE MAKE SURE THE GATE TO THE SES FIELD IS CLOSED AND THE COMBINATION ON THE LOCK IS ROTATED NOT SHOWING THE ENTRANCE CODE ON THE LOCK. ALSO IF AT ANYTIME YOU ARRIVE AND THE GATE IS OPEN AND THERE IS NO ONE FLYING, PLEASE CONTACT FRANK MINTZ OR BILL CERMAK.
