PRESIDENTS CORNER

“The summer season is upon us, and with that, the Florida heat is on the rise. While you are at the field, please be careful to stay hydrated and in the shade as much as possible. There is cold water provided by the club available in the Training room refrigerator. Please take advantage of this resource. If the Training room is locked, a key is hanging in the Workshop shed. Please make sure the refrigerator is closed and relock the Training room when you leave. Also remember that a first aid kit is kept over the charging shelf if you or someone needs a Band-Aid to cover a boo-boo”.
