WARNING HOT WEATHER

Drink plenty of water while at the field.
Also suggested is to have someone with
you, do not be at the field alone.

Bob Dane has been working on the
drainage problem we are having
with erosion on the north and south
corners of the pavilion. Please do
not walk on the areas under repair.
Thanks

PRESIDENTS CORNER

I would like to thank the volunteers that have donated their time and work effort to the many projects that needed repair.

These include repair of erosion issues at the east end of the pavilion, new security lighting for the field, the mounting of a new security camera, repair of the windsocks, regular grass mowing and maintenance of the mowers.

Please join me in thanking these generiou club members.

It is recommended to never fly or be at the field alone and always let someone know where you are at. Happy Flying
