SES Hats \$10.00 Patch \$5.00

100% goes to the SES club

PRESIDENTS CORNER

Again, this year we have the opportunity to host the EAA Young Eagles from the Leesburg airport chapter 534. The date is November 11. We will have EAA youth members with their parents come to the field and experience RC model aviation. This is a opportunity to pass to young people, who are already interested in full size aviation, and the joy of RC modeling. Last spring, we had four youths attend and one of them joined the club. The memebtrs had various models on display, Simulator and buddy box time was had by all who wanted to try, including the Daily Sun reporter who covered the event. Watch for more details on how you can get involved in the coming weeks.

“WHO’S THE HIGH FLYER”

Each month there will be a question for you to provide the answer.

The first person to answer the question will have their name in the SES News Letter and posted on the info board at the field.

At the last 2024 club meeting, the person with the most correct answers will win a PRIZE. “Send your answer to: lross04@bellsouth.net”

Question: There are four forces that are critical for a airplane to fly; (Thrust, Drag, Lift, Gravity), which one is the most critical for flight?

EAA Young Eagles coming to our field Nov 11, 2023

WARNING HOT WEATHER

Drink plenty of water while at the field. Also suggested is to have someone with you, do not be at the field alone.

FLY BEFORE YOU BUY

**Check out the SES web page for more info
and great club information.**
